

22ND ANNUAL

SCAN ME

BC ENDOCRINE DAY

May 12th 2023 | 8 AM | Vancouver Holiday-Inn
Centre (Broadway)

www.endocrineresearchsociety.com/conferences

COURSE DESCRIPTION

This full-day lecture series offers an interactive case-based review of common endocrine problems encountered in clinical office practice. Open to general practitioners, internists, specialists, trainees, and allied health professionals. A variety of endocrine health topics will be reviewed, such as diabetes, adrenal incidentaloma, osteoporosis, women's health, gender affirming care in BC, and other endocrine disorders.

COURSE OBJECTIVES

Upon completion of the program, participants will be able to:

- 1) Describe at least one key endocrine clinical solution, learning point or next step in therapy for each topic presented.
- 2) Be able to demonstrate updated knowledge of new concepts and technology for diagnosis and treatment for endocrine patients encountered in office practice.
- 3) Outline how you may employ these new clinical skills, technology & treatment options for improving your patient's care.
